## STUDENTS, FACULTY INVITED TO DO THEIR THING AT INTERTERM 1976

Last January during Interterm, several "micro-mini" non-credit experiences were offered by faculty and students who wanted to do their own thing.

Offerings in the past have included teaching (or sharing) such activities as bridge, chess, candy making, the how-to of macrame, flower arranging, tennis, picture framing on a small budget, wine-tasting and many other varied activities.

Would you be interested in organizing such an "experience" during January Interterm 1976 on the Doheny Campus? If you have a favorite hobby or activity which you would like to share with others, you would be most welcome to set up your own micro-mini course just for fun. The groups usually set a time to meet once a week, twice a week, or once or twice during the entire Interterm, whichever best suits their purposes. If you are interested, please complete this form and return it to Sister Dorothy Mary's mailbox in Building 7 or 10 by this Friday, October 31.

I am interested in offering a non-credit "micro-mini" experience during Interterm 1976.

POT-LUCK SUPPER  
FOR GET-TOGETHER

First and second year students specializing in Pre-School and Early Elementary Education met at a pot-luck supper on Wednesday, October 22, at the Child Development Center. The evening was such a success that more activities of a similar nature would be a welcome addition to the program.

If any students in these specializations have ideas to contribute for the planning of such get-togethers, please discuss them with Mary Jane Welles, director of the Center.

WORK REPORTS  
OFFERED  
AS STUDENT SUPPORT

At mid-term the Doheny A.A. Program offers an "early warning system" for students who have a "D" or an "F" average at mid-term. Faculty members give a copy of the Unsatisfactory Work Report to the student, to her advisor, and to the Academic Dean. Conferences are set up between the instructor and the student so that the cause of the low grade is understood, and the student can work to improve her grade. As part of the Support system, the academic advisor also assists the student to take the necessary steps to pass the course.

CDC ANNOUNCES
APPLIANCE RAFFLE

The Parent Advisory Committee of the Child Development Center is sponsoring a raffle for electrical appliances. The tickets are only 50¢ or three for \$1.00. Tickets are on sale at the C.D.C.;

we would appreciate your support.

The parents are also collecting aluminum cans to earn money for the Center. Aluminum cans are the ones with rounded bottoms, not ridges. We have a large collection box in the front hall of Bldg. 17. Won't you please remember us before you throw away those cans?

Our parents are so ambitious that they have yet another project going. They are sponsoring a Blue Chip Stamp and Betty Crocker Coupon Drive. So save the box tops, stamps and coupons and donate them to the Center.

We are so excited about our parents taking an active interest in the Center. We hope that the rest of the College will back them one hundred per cent!

Mary Jane Welles,
Director of the Child Development Center

We are developing a library-study room in the nursing department's self-pace learning laboratory where students may go to study in a quiet, comfortable atmosphere. Here from Trainex for one month are filmstrip/cassette programs on:

ROSALBA COBOS and MARIA PULIDO attended the Southern California District Annual Conference for the National Association for Foreign Students (NAFSA) on Friday, November 7.

ROSALBA and MARIA are very enthusiastic about spreading the word on this campus about the International Students Organization. Many activities can be planned if there is student interest. Take time now to learn from each other; we all have so much to share, but alone we share nothing.

YOUR CONTRIBUTIONS

The staff of the Child Development Center (Bldg. #17) wants to thank all of you for thinking of us and for the many donations you have given us. Once again we need articles. This time we are looking for children's books or colorful picture magazines for the Center. Also, we need socks--any odd ones, any size, any color, and they need not match.

SOCIAL ACTION\*\*\*\*\*SOCIAL ACTION\*\*\*\*\*SOCIAL ACTION\*\*\*\*\*SOCIAL ACTION\*\*\*\*\*

The following students have successfully completed their Social Action service at an agency of their choice during the Fall Term. Their goals were to give volunteer aid to the community, to grow in awareness of the needs of society, and to have a possible career-related experience.

PAULA ATHAN interpreted for the Spanish-speaking parents and children of Norwood School. Paula arranged follow-up conferences for the school nurse regarding dental work and immunizations.

CHRIS CABALLERO attended to secretarial details in the office of St. Aloysius School and tutored pupils.

ESTRELLITA CALILAO helped the Social Service Sisters at Stella Maris by assisting with the senior citizens program in yoga, arts and crafts, and weekly luncheons.

NITA ESTRADA and EVA SOLIS participated in All Saints Youth Group which performs Saturday evening Mass liturgical music. They also planned retreats, Bible vigils, and parish picnics.

PAT FIRESTONE contributed her services at Vine Street School by aiding teachers with clerical duties and learning with the children through literature and mini-courses.

NANCY HAMES at St. Vincent's School tutored students in math and assisted the second grade teacher with art and drama.

MARTHA HERNANDEZ taught first graders Christian Doctrine at Our Lady of Talpa Parish. She hopes to be both a teacher and friend, helping the children become aware of God and His gifts to us.

KATHY HOLGUIN coached the St. Vincent's volleyball team through a winning season to become the champions of their division of the Catholic Youth Organization.

CARMENCITA KATIGBAK is the Secretary of the C.C.D. program at St. Francis Church. Her supervisors claim they could not operate the program without Carmencita!

CECILIA MARQUEZ assisted the pastor of Centro Atzlan Baptist Church where she helped contact senior citizens for luncheons, aided the youth with crafts, and helped wherever needed.

IRMA MIRANDA prepared children at Sacred Heart Church to receive First Holy Communion which is the top priority of the C.C.D. program in her parish.

ROSSANA PARRA has given over 760 hours to Santa Monica Hospital! Most recently she has served in the admitting and emergency departments.

CARMEN PINAL and OLIVIA TAMAYO worked at Asbury Child Development Center. By much love and physical therapy they hope to help the developmentally disabled toddlers to help themselves care for their own physical needs.

JACQUELYN SWENSON worked as a secretary in a pediatrician's office observing patient-doctor-nurse relationships, listening to patients' problems, and participating in proposed solutions.

LISA WILSON coached St. Vincent's "B" team in volleyball. Even though they lost more games than they won, the coach insists they are a good team. The team really were winners!

CARMEN WONG served at Orthopaedic Hospital in the recreation section visiting children and older persons. Through crafts the patients develop coordination.

LINDA ZAMORA tutored students at St. Vincent's School in arithmetic, reading, and spelling. Her supervisor asks for two more volunteers like Linda!

BEVERLY CARR and VALERIE USHER are still working at the Doheny Child Development Center doing various jobs wherever they are most needed.

FROM THE OFFICE FOR
STUDENT DEVELOPMENT

Student Assembly today, Monday, at 10:00 a.m. in the Lecture Hall
to discuss student government and possible methods for election
of next year's officers. All students are urged to attend. This
10:00 a.m. period has been set aside for you and your activities;

please try to make the most of it by attending the scheduled events.

Once again we call on you: this time to help us to fill the school chest so that the Red Cross can send it to Guatemala to help to re-establish schools for the children of the earthquake torn areas. The chest is by the 24-Hour Bulletin Board. Supplies to be included are in three categories: Educational, recreational, and health.

We need: 48 tablets, 24 rulers, 6 compasses, 24 school bags, 1 box of chalk, 6 blackboard erasers, 24 ink erasers, 6 protractors, 24 wash cloths, 24 hand towels, 24 cakes of soap, 24 combs, 24 toothbrushes, 24 tubes of toothpaste, 12 soft rubber balls (3 and 4 inch), 1 volleyball, 1 soccer ball, 1 small pump, 12 jump ropes, 12 sets of jacks, 1 volleyball net and 12 harmonicas.

Place articles in box. If you wish to give money to help with this project, please leave your name in Office 2. CHEST MUST BE FILLED BY MARCH 12.

On March 22 we will have a special student Mass to express our appreciation to Sister Margaret Anne on the occasion of her 25th anniversary as a Sister of St. Joseph, and to Sister Francis Clare on the occasion of her 50th Anniversary as a Sister of St. Joseph. All students interested in helping to plan this Mass: please give your name to Lisa Wilson, chairman of the event.

The Doheny Float, The Boston Tea Party, won the Judges Award and was given an Award for the most creative float in the Chalon Festival. Congratulations to all who took part in the big event.

The Sno-Cone Booth, as well as being one of the main attractions at the Bicentennial Festival, actually made a little money; so all of the expenses incurred by the float came out of our profits, adding also \$4.70 to our student fund.

Note from Anne Zachary and Katina Zaninovic, Festival
Co-Chairmen:

We would like to say a special Thank You for those of you from the Doheny Campus who participated in this Year's Mount Festival. Your float, "The Boston Tea Party," added much to the parade, and your booth with Sno-Cones was a favorite for young and old. To those of you who just came and cheered or had a good time, thanks for joining us in our All-College Festival.

Leadership Group: There is a very important meeting on Thursday, March 11, at 6:00 p.m. in Room 101. All must attend.

WORK REPORTS As another dimension of our Doheny support system, students are notified by instructors at mid-term if they are earning a grade of D or F. The student receives a copy of the Unsatisfactory Work Report, and her advisor and the Dean also receive copies. As soon as possible, consultation and plans for improvement are then made with the instructor and the advisor so that a passing grade is possible for the course. If a student receives notices in two or more courses, Sister Margaret Anne also discusses the situation with the student.

Would you like to take a course for credit next January in Baja California, or attend concerts and plays in Los Angeles, or visit television shows and learn all about their production?

MOUNT ST. MARY'S COLLEGE - DOHENY CAMPUS
Associate in Arts Programs

Second-year business majors are enrolled in a Business Internship course which provides paid or volunteer working experience, a good place to get a future recommendation, a personal and performance evaluation, and a weekly studying/evaluating seminar session. In the section below, they share some of their experiences:

SILVIA DELGADILLO: I did my business internship at Pacific Finance Loans. I am a cashier-receptionist, which means dealing directly with clients and taking a lot of responsibility. Immediately after graduation I will begin training as an assistant manager. I am excited at the prospect of being on the road to management.

CHIYOKO INOUCHI: When I return to my home city, Hiroshima, Japan, I want to open a family-style restaurant. I was very fortunate in being able to do an internship with Clifton's Cafeteria in Century City. During these months I have rotated among the various food departments, collecting recipes of things I think I can use in Japan, and I will end up by spending time and getting experience in the bookkeeping, personnel, and management offices.

REGINA MAYS: I have had several years of part-time experience with the Bank of America, working as teller, typist, secretary; so I continued there during my internship. I have just been notified that I have been accepted into the Management Trainee program with the Bank, preparing to be an Operations Officer.

PAT McELWEE: During my internship at the Larcas Community Clinic on Wilshire Boulevard, I learned just how many things are involved in the insurance aspect of paying for health care. I learned how to keep tabs on each patient's charge, how much would be paid by Medicare and Medi-Cal, and how to bill these companies using the terminology each one requires. I feel I have gotten excellent experience in the vast area of medical insurance.

PATRICIA MEDINA: My work at St. Vincent's Elementary School was my first real "job," and I feel it has prepared me well for full-time employment. I learned so much by assisting the school secretary and by doing things on my own. Being bilingual was a real asset in my work.

RUTHE MORGAN: For my business internship I worked at Orthopaedic Hospital on Mondays, Wednesdays, and Fridays from 10:00 to 2:00. During these hours I rotated among the medical library, the pharmacy and the X-Ray Department. My work provided many different kinds of jobs and has widened my knowledge of the health-care field.

- ELVA RAMOS: I did my internship at the Jefferson and Hill branch of the Bank of America. While I was involved in many and varied duties, I think the most important ones were those in which I dealt directly with our customers, helping them with their banking needs. The Bank of America has many opportunities for advancement, and I am hoping to get into the management area as a Loan Officer.
- THERESE RIVERA: The John Tracy Clinic provided my internship, and my job was that of secretary to a renowned psychologist, Dr. Alathena J. Smith. I took dictation in shorthand, operated a dictaphone, did some filing, and arranged a mailing list for requests from all over the world for a new testing instrument (The Smith-Johnson Non-Verbal Performance Scale), which is due for publication soon. All of this has been a very valuable experience for me.
- ANABEL ROBLES: I did my internship in the Personnel Department of General Hospital under the supervision of Mrs. Margaret Heath. I had been there before as a summer worker, but this time I was able to take on much more responsibility, as Mrs. Heath turned over some sections of her work to me. This job has been a good experience for me because it afforded a first-hand view of administration, which is the field I want to get into.
- CATHY TINKER: My internship was done in the beautiful Bradbury Building for Mr. Luis H. Garcia, Attorney at Law. I worked as a secretary and learned many different aspects of this exciting field. I believe there is nothing better than on-the-job training combined with schooling. I feel confident that with this background I will be able to get a full-time position as a legal trainee in a large law firm and work my way up to a management position.
- LUPE TOVAR: Mr. George O. West, Attorney at Law, was my employer and supervisor during this second-semester internship. It was with his patience and help that I have learned many things about legal secretarial work, such as typing interrogatories and answers and completing complaints and summons and learning how to file them with the courts. I also learned a lot about office organization. My work there has given me more ambition to continue my education, with a view to returning to the legal field.
- MARCIA VILLAQUIRAN: My work at the Bank of America, Jefferson and Hill branch, has consisted of the duties of a teller, assisting at the New Accounts desk, typing legal documents, and taking over account analysis. After graduation I will be a secretary to our loan officers and will go from there into the Management Trainee program.
